## EXPERIENCE

### JioHaptik (Reliance), Mumbai — *Software Engineer*

NOVEMBER 2019 - JULY 2021, <https://haptik.ai/>

- Worked on the Haptik conversational AI assistant building platform that parses user queries and generates responses based on sentence similarity models.

### ERPNext (Frappe Tech), Mumbai — *Engineering Lead*

OCTOBER 2016 - MARCH 2019, <https://github.com/frappe>

- Core maintainer for the ERPNext and Frappe repositories.
- Developed modules ([Setup Module](#), [Desk v2.0](#), [Frappe Charts](#), [Global Search](#), and others) for the full-stack web framework Frappe. Built the in-app [ERPNext Marketplace](#).
- Created PoCs for new technologies and standards, particularly migration to Python 3, ES6 and VueJS and improving test coverage for CI. Designed user experiences to reduce friction.
- Reviewed community code contributions. Led a live coding session at the [ERPNext Conference, 2017](#) (Mumbai) to foster them.

## PROJECTS

### Frappe Charts — *Author*

JS/SVG zero-dep web charting library: [github.com/frappe/charts](https://github.com/frappe/charts)<sup>3</sup>

Over 13000 stars (highest in India) on GitHub. Featured in [GitHub's Octoverse 2018](#). Over 450 points on [HackerNews](#). Blogs on Medium and talks at [Redhat Devconf'19](#) and [HasGeek JsFoo'19](#)

[The Abridged Journal](#), an NLP based journaling tool

[Motion-tracker](#) interfacing OpenCV and Arduino

## PAPERS

- [Solving](#) a patterned multi-polyomino packing puzzle
- [A brief overview](#): How to automate Motivation-driven Learning
- [Charting for the Modern Web, 2019](#) (ppt), [3D Printing](#) (ppt)
- [AR piano model](#) in MATLAB, BE Final Year, IJEA March'16, Issue 3

## SKILLS

**Programming Languages:**  
Python, Javascript, bash

**Technologies:** git, HTML5, CSS3, ElasticSearch, Django, Node.js, MySQL, SQLite

**Platforms:** Linux, Mac OSX

## AFFILIATIONS

**ERPNext Open Source Software Foundation**  
<https://erpnext.org>  
[www.ilug-bom.org.in](http://www.ilug-bom.org.in)

**Computer Society of India**  
<http://www.csi-india.org/>

## EDUCATION

**MS in Artificial Intelligence:**  
University at Buffalo, SUNY  
Aug '21 – Present

**Bachelors of Engineering (B.E.) Computer Engineering:**  
Mumbai University  
8.04/10 CGPA  
Aug '12 – Jun '16

## PERSONAL PROJECTS

[A Pacman console game](#),  
blogging, mechanical models,  
amateur electronics and  
graphics
